Case No. 1:19-cv-00742-LKG

Judge Griggsby

**SUPPLEMENTAL STATEMENT OF MAUREEN F. DEL DUCA  
IN SUPPORT OF APPLICATION FOR ACCESS TO MATERIAL  
UNDER A PROTECTIVE ORDER BY OUTSIDE OR INSIDE COUNSEL**

I, Maureen F. Del Duca, make the following statement and representation and request the Court grant me access to protected material that parties may file or produce in the above-captioned protest ("Protest"). The following paragraphs provide the information required by paragraph 8 of the Application for Access to Material under a Protective Order for In-House Counsel, to which this Supplemental Statement is appended.

(a) My title is Vice President, Deputy General Counsel, Litigation and Investigations, for Northrop Grumman Corporation and its subsidiaries ("Northrop Grumman" or "the Company"). I have worked for Northrop Grumman since 2013. I am responsible for providing legal counsel and support with regard to anticipated and pending disputes and managing litigation for the Company's Corporate office and its four Sectors: the Mission Systems Sector headquartered in Linthicum, Maryland; the Technology Services Sector headquartered in Herndon, Virginia; the Aerospace Systems Sector headquartered in El Segundo, California; and the Innovation Systems Sector headquartered in Dulles, Virginia. Orbital Sciences Corporation is part of the Innovation Systems Sector. My role in procurement-related matters is limited to providing legal counsel and support with regard to anticipated and pending disputes and litigation.

I have not been and am not now involved in competitive decision-making for or on behalf of Northrop Grumman or any entity. I do not provide advice or participate in decisions about marketing or advertising strategies, product research and development, product design or competitive structuring and composition of bids, offers, or proposals with respect to which the use of protected material could provide a competitive advantage.

(b) I report to Sheila C. Cheston, Esq., Corporate Vice President and General Counsel for Northrop Grumman. Ms. Cheston is the chief legal officer at Northrop Grumman and is responsible for all legal issues concerning the Company. Ms. Cheston is located at Northrop Grumman's corporate headquarters in Falls Church, Virginia.

(c) My office is located at Northrop Grumman's corporate headquarters at 2980 Fairview Park Dr., Falls Church, Virginia. There are approximately 33 other in-house attorneys at this location. None of those lawyers is responsible for providing day-to-day legal advice and support to the Innovation Systems Sector, the sector involved in this protest, on procurement-related matters or competitive decision-making. The other attorneys located at Northrop Grumman headquarters, in addition to Ms. Cheston and me, support the Company in the areas of corporate governance, mergers & acquisitions, international law (including import and export law), environmental law, labor and employment and employee benefits law, government contract law, litigation, investigations, and ethics and compliance.

(d) The Litigation and Investigations Group, which I lead, has approximately twelve attorneys located in Falls Church, Virginia and Los Angeles, California. The Falls Church litigation attorneys' offices are physically separate from those of attorneys who support business units (Sectors) within Northrop Grumman. Of relevance here, I am physically separated from the Sector Counsel for the Innovation Systems Sector, the chief legal officer for that business unit; she and her legal staff are located in the Innovation Systems Sector headquarters office in Dulles, Virginia and at other locations away from Northrop Grumman's Falls Church headquarters. The attorneys who support the Innovation Systems Sector report up through their Sector Counsel, who reports directly to Ms. Cheston. Thus, the attorneys supporting the Innovation Systems Sector are not in my leadership chain, and I am not in theirs.

(e) I am isolated from competitive decision-making as a function of my position and responsibilities. Northrop Grumman recognizes that my being able to access materials pursuant to Protective Orders requires my isolation from competitive decision-making. Therefore, I do not attend proposal development meetings. I do not review proposals or proposal-related materials (such as discussion responses) in the course of my duties, except as may be needed to carry out any litigation-related responsibilities and, in such cases, my advice is limited in scope to just those responsibilities. Physically, my office is enclosed and separate from anyone who might be involved in competitive decision-making.

I have been admitted under protective orders in prior protests. I was admitted under a protective order in a U.S. Court of Federal Claims bid protest, Raytheon Company v. United States, 121 Fed. Cl. 135, aff'd, 809 F.3d 590 (Fed. Cir. 2015). I also was admitted under protective orders in Government Accountability Office bid protests, including: Northrop Grumman Systems Corp., B-412278 (Oct. 4, 2017) and The Boeing Company, B-412441

(Feb. 16, 2016).

For this Protest, I will not review any protected material at a Northrop Grumman facility, whether in electronic or hardcopy form. In addition, I will not receive or review any protected material on my primary work computer or on any computer that connects to Northrop Grumman's network. I will only receive protected material from Northrop Grumman's outside counsel in this matter, Morrison & Foerster LLP, in one or more of the following ways: (1) on a secure, password-protected website set up by outside counsel using a computer in a non-Northrop Grumman, secure location that does not connect to a Northrop Grumman network or (2) at outside counsel's offices.
